

**Oxbow School-wide Classroom Placement Parent Input Form
2020-21 School Year**

If you have compelling information you feel the classroom teacher, ECE and/or support staff do not know and you would like the school placement team to take into consideration, please complete this form and return it via email to ro.walton@tvsb.ca before May 28, 2020.

Keeping the class placement process in mind, we will no longer be able to honour parent requests for specific teachers or requests for specific students to be placed in your child's class. Teachers receive assignments to reflect the needs and strengths of their profession and our students. Nor can we accommodate requests for classroom changes when school starts in September 2020. Nevertheless, due to potential increasing enrolment it may be necessary to reorganize classrooms.

We respect input from parents regarding their children's learning needs. Please indicate your concerns in terms of special needs, obstacles/challenges in learning, or social/emotional considerations that may require extra attention.

Student's Name: _____

Current Grade and Teacher: _____

Special needs to be considered:

Obstacles/challenges in learning my child experienced this year:

Social/emotional considerations:

Other considerations:

Parent signature: _____ Date: _____, 2020
